

WebSpace - Optional Plugins

Topics Covered In This Article

1. [Divi Builder plugin](#)
2. [Monarch plugin](#)

1. Divi Builder Plugin

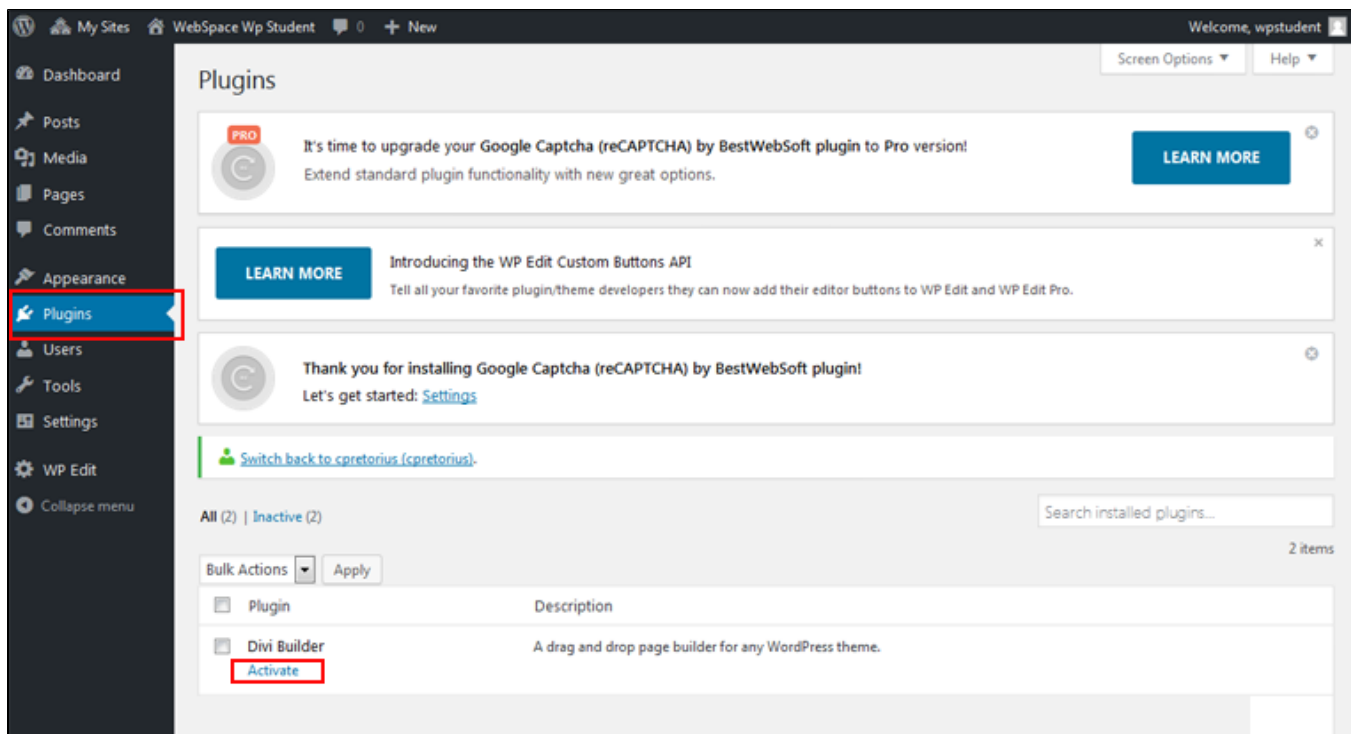

Divi Builder is an optional plugin and can be activated, it is a paid plugin from Elegant Themes.

Please note: This plugin is free to try and use while your WebSpace is hosted with Royal Roads University.

If you are moving your WebSpace to another host outside of Royal Roads University, Elegant Themes offers several paid licensing options to choose from if you wish to continue using the Divi Builder plugin.

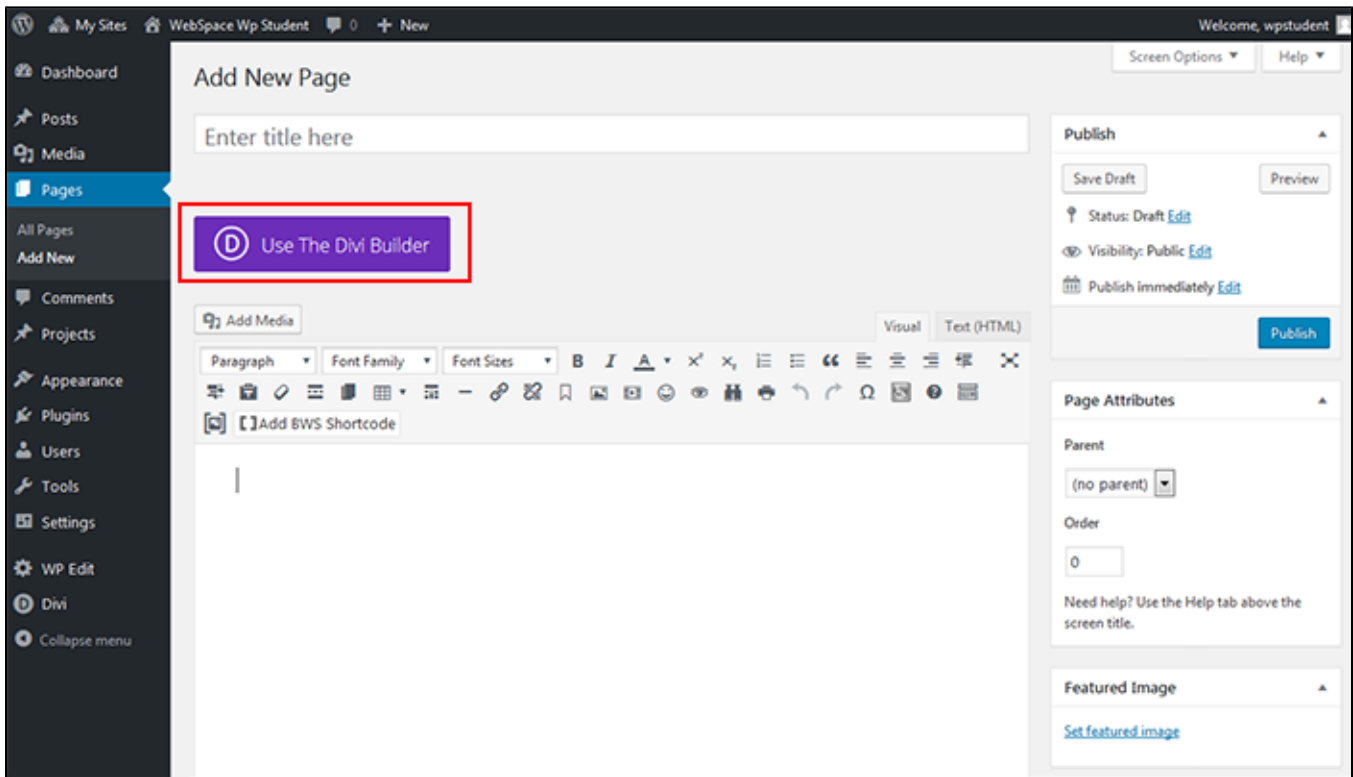

Step 1: Activate Plugin

- From your **Dashboard**, click **Plugins** to see the list of available plugins. Next, under Divi Builder, click **Activate** to enable the plugin.

Step 2: Use the Divi Builder

- Go to a page or post
- Click **Edit** to open the page or post
- Look for and click on the **Use The Divi Builder** button

The Divi Builder can be used with all themes. For more information:

2. Monarch Plugin

Monarch is an optional plugin and can be activated, it is a paid plugin from Elegant Themes. This plugin will add social media icons and links to your networks on to your site.

Your theme may also have a social media menu that is built in and can be selected. Please check your theme.

Please note: This plugin is free to try and use while your WebSpace is hosted with Royal Roads University.

Step 1: Activate Plugin

- From your **Dashboard**, click on **Plugins**, scroll down and find the **Monarch Plugin** in the list, click **Activate**.

Step 2: Edit Settings

- From your **Dashboard**, click **Tools**, and select **Monarch Settings** to edit settings and add your networks.
